

GRANGE HALL INSURANCE:

Insuring our Grange Halls is certainly a challenge... what follows is a list of insurance companies/insurance agencies that we believe are able to help with coverage. Note this listing does not constitute an official recommendation and is provided solely as information.

Note that the **Great American Insurance Company**, listed in National Grange material, only works through local agencies. If you do contact them, they should help you find a local agency/agent.

Please help us keep this list current... if you find one of these companies/agencies no longer offering coverage or discover a company/agency that does, let us know by emailing webmaster@mainestategrange.org.
