

## STATE CHAPLAIN

---

Christine Hebert

The Grange year 2023-2024 has been a busy one. Opening our doors and showing our friends and neighbors what Grange is all about has been very successful. With Faith in God, let us continue to grow our Granges by demonstrating what a wonderful fraternal organization we are. To those Granges that have increased their membership, Congratulation!

As in every year, there is sadness within our ranks. On November 23, 2023 we lost our beloved sister June K. Burke who was a past State Lecturer. Let us always remember June and keep her and her family in our prayers. Let us also remember and keep our prayers all Grange members who have gone on before us, they will all be missed. Their reunion with other patrons in the Great Grange above must be a spectacular event!

I have submitted a column (The Chaplain's View) each month to the Grange bulletin and website, which I hope you enjoyed and found helpful. Many thanks to Clay Collins and Peter Hammond for writing and submitting columns in my time of need. The Lord has truly blesses us all.

I am honored and pleased to have served as your State Chaplain this past year and look forward to the challenges of the coming year. God Bless you all.

Respectfully submitted,  
Christine Hebert, Chaplain
