As the Grange year 2024 – 2025 draws to a close, we look back on our activities and involvements and remember those who have “gone on through the gates of the Grange Above.”

- Monthly *Chaplain's View* articles were submitted for the newsletter and web site.
- Get well, sympathy and thinking of you cards were sent to those members sick or in distress'
- Visits and phone calls were made to members experiencing health issues.
- Installation ceremonies were performed for Oxford Pomona, Norway, Waterford, Excelsior and West Minot Granges.
- Maine State Grange members who have completed their earthly pilgrimage and gone on where “life's eventide becomes more delightful than the morning.”
